Events

Spring 2006 IncuTrain Centre Application, 19 – 31 March 2006

The Spring 2006 IncuTrain Centre Application will be started from 19 March 2006 to 31 March 2006. The mission of Cyberport Digital Entertainment Incubation-cum-Training Centre (aka Cyberport IncuTrain Centre) of Hong Kong Cyberport Management Company Limited (HKCMCL) is to incubate companies in the digital entertainment and digital multimedia industry of Hong Kong, with initial focus on digital games and film animation.

The aims of the Programme are:

- To build and promote entrepreneurship and competence for commercialization success in the digital entertainment industry of Hong Kong.
- To create a cluster for potential and creative small to medium size companies to develop their business
- To reinforce the leading role of Hong Kong in digital entertainment
- To enhance cooperative relationship with game development bases in Mainland China
- To generate a pool of creative business talents for the industry
- To enhance cohesion and networking of the industry through vision, technology, business development and inter-company collaboration

For the programme details, please visit www.incutrain.hk.

WCIT 2006, the Premier IT Event in Austin, TX USA, May 1-5 2006

This May, leaders from business, government, and academia will convene at the 15th World Congress on Information Technology (WCIT) to assess the impact of ICT on the global community.

As a catalyst for social and economic development through the exchange of policies, ideas, and technology, WCIT 2006 stands alone as the world's premiere Information Technology (IT) forum.

The biennial conference is expected to draw 2,000 business, government, and academic leaders from 80 countries. This 15th World Congress seeks to explore issues of impact and create actionable policy recommendations to world and technology industry leaders focusing on three issues of Global Impact: privacy and security, healthcare, and global digital access.

For more information, please visit www.wcit2006.org.

The 7th Info-Security Conference 2006, 9 May 2006

The annual Info-Security Conference, which gathers more than 1,000 industry professionals and decision makers, will be the most promising occasion for the leading security vendors to capture the potentials. It provides an interactive platform to share the hottest information security technology issues.
